Credit will be awarded upon receipt of the results

Import Historical Data from Other Systems

Additional Features

Timeline on home page that presents users with the key dates of a campaign

A summary box at the top of each page that displays:

- A countdown of days left until the next key deadline

- The incentive earned so far, out of the total possible that can be earned

A scorecard that can show whether biometric screening results have earned the incentive

A separate biometric screening results section that shows:

- Whether or not biometric screening results are healthy according to national standards

- Customizable links to explanations of each biometric test

- Historical results from prior years

- Link to download results in PDF format
